

BASIC QUIZBOX

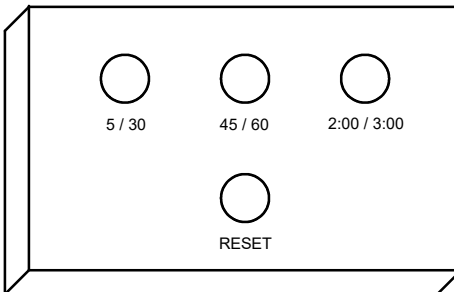

9/2022

The quizbox will show who responded first out of up to 8 quizzers. When someone buzzes in, their light will come on and the others will be locked out till the box is reset. However, the quizbox can also show who buzzed in 2nd and 3rd, if desired. It is a feature you can customize on or off.

After a buzz-in, the timer light will blink every second until time expires. When time expires, the box will beep and the quizzer lights will be reset. Unless specified differently, the timer will be set at the factory to 30 seconds - the time for the quizzer to complete their answer. The time value can be set anywhere between 0 seconds (timer is off) to 110 seconds, and can be changed by the user.

The quizbox is small - approximately 3 1/4 x 3 1/4 x 1 1/2 inches deep. It is powered by a cell phone charger. It can also be powered by a PC, but does not communicate over USB.

Quizzer switches can be handheld pendant (“Jeopardy”) switches, handpads (slap switches), seatpads, or nearly any other switch wired to an RCA plug.

Optional timer control box. Plugs into quizbox reset jack (instead of a reset switch) and adds the timer intervals used in most quiz programs.

* Prices are subject to change. If this price list is more than 6 months old, please obtain the latest prices before ordering.
Minnesota orders: add sales tax or provide exemption certificate.

Warranty:

- 2 years on the quizbox and 1 year on the quizzer switches. That does not include cosmetic damage, user modifications or abuse.
- 90 days on the power supply. (No workmanship is involved on my part, and I can't control how you treat it.)
- If anything goes wrong, please call first. Maybe it can be fixed over the phone or by sending a part.

How to order:

Call or e-mail to confirm delivery dates and prices and I will e-mail you a bill.
Payment is required before the quizbox will ship, unless shipping COD, which adds a fee of approximately \$18.
PayPal is accepted, but their fee will be added to the total. Credit cards are not currently accepted.
Be sure to include a street address for UPS, and a mailing address for Post Office deliveries.
